THE GAMBIA

Leadership experience for game changing women

IMPACT.LEARNING.TOGETHERNESS

## WHY

Are you a woman who wants to:

- take a break and overthink: am I still doing the right thing?
- become an inspirational and outstanding leader?
- explore new possibilities in your job or career?
- be able to make positive changes in your own life and in the life of others?
- have an incredible life changing experience?

Then this is what we offer:

Work, live and learn with inspiring female leaders from The Gambia. Dive into real business challenges, explore your own capacities and create tangible impact for rural women to have a better life for themselves and their families.

Make a difference, be the change, create social impact.  
Grow as a leader. Build a strong sisterhood network.

## WHAT

Sign up, book a ticket and pack your bag.

Meet your travel companions in the Netherlands for a first introduction and preparation. Shortly after, you'll meet up at Schiphol, taking off to The Gambia.

We will take you on a challenging journey, connecting with inspiring women from The Gambia and connecting to yourself. The Gambian women are entrepreneurs, who are doing an incredible job in running or being part of a local organization with high social impact. They have their strengths and challenges, just like you.

During the program you'll work in cross-cultural teams on critical business challenges of our local partner organisation. Through facilitated group activities, workshops and 1 on 1 coaching sessions you will connect to your personal purpose and will be challenged to lead in new ways.

You'll stay in a local lodge with basic facilities connecting to the local culture.

## WHO

Women who want to step out of their comfort zone and dare to make a difference! Dutch experienced women in a leadership position or entrepreneur.

## FACILITATORS

Annet van de Laak

Master of Business Studies, with a lot of experience as a manager and consultant and 15 years as trainer, coach & facilitator of leadership development programs. Gambia connoisseur with passion for self-made knitwear.

Adélka Vendl

Master of business psychology, expert as consultant and trainer of management development programs in using the provocative psychology: applying the power of reverse psychology. Potential candidate for 'The real Holland bake off'.

## INVESTMENT

**€4.950,- per participant**

Be a sister and support a sister: your fee also covers the participation of a Gambian female leader. Including all program organization/facilitation, transport, accommodation and food. Excluding VAT, vaccinations, visa and airline ticket. We will book as group and make sure you get the best possible rate.
